Prerequisites: Senior standing (90 or more units) AND declared major in Behavioral Science or Behavioral Science double major

COURSE DESCRIPTION

This course is designed as a workshop for Behavioral Science majors. The objective is to review theories, methods, and new developments in the three disciplines that make up the Behavioral Science major: anthropology, psychology, and sociology. Another objective of the course is to assist you in professional development. To accomplish this, you will participate in a number of activities with the goal of sharpening your analytic skills and your ability to clearly articulate your behavioral science expertise to potential employers and graduate program committees. You will also prepare materials relevant to your future careers, namely resumes or curricula vitae.

This class will reflect on critical issues within behavioral science. This semester, we will focus upon the anthropological, psychological, and social impacts of new digital technologies using an interdisciplinary approach. In order to reflect this approach, you will prepare written analyses and participate in a presentation related to the topic. Assignments and presentations are designed to integrate and synthesize knowledge from anthropology, psychology, and sociology, and to apply that perspective to real world issues and problems.

COURSE FORMAT

Online Course This course adopts an online classroom delivery format. The course will require students to use devices to access to the Canvas learning platform using a computer, tablet, or phone. See University Policy F13-2 at <http://www.sjsu.edu/senate/docs/F13-2.pdf> for more details.

COURSE LEARNING OUTCOMES (CLO)

Students who successfully complete this course will be able to:

CLO 1. Assess the major methodologies and contributions of anthropology, psychology, and sociology to a better understanding of human behavior;

CLO 2. Apply the disciplinary perspectives of the behavioral sciences to case studies at individual, organizational, community, and global levels;

CLO 3. Access important sources of information relevant about the behavioral sciences and relevant data;

CLO 4. Synthesize the disciplines of anthropology, psychology, and sociology in support of professional career development; and

CLO 5. Prepare a portfolio that will support the transition to a professional education or career.

REQUIRED TEXTS / READINGS

Textbook

This semester we will be using the following text:

Turkle, Sherry. 2012. *Alone Together: Why We Expect More from Technology and Less from Each Other*. Basic Books. ISBN: 0465031463. (any edition is acceptable)

COURSE REQUIREMENTS AND ASSIGNMENTS

All assignments must be submitted via **Canvas; PDF or Words Format**. Assignments for this course include the following:

- 1. Case study.** Each student--working as a member of a team--will analyze one of several topics that emerge from the readings and class discussion. This semester, the cases will be drawn from the Turkle book in comparison to our own region. Topics will include cross-cutting disciplinary issues. Each team will create a 15-minute slide presentation or video. Submit a copy to the instructor.
(40 points; 20% of your final grade)
Peer Evaluation. Each student will be evaluated by their peers based on their performance, participation, and communication. Based on this evaluation, **you could lose up to 15 points from the Case Study total score.**
- 2. Resume, cover letter, and LinkedIn.** You will prepare a resume that shows your past work experience, internships, academic courses, etc. You will also prepare and submit a cover letter to a hypothetical future employer. You will also work with your peers on creating and improving your LinkedIn page. Your LinkedIn page must be included on your resume. These documents will be reviewed in peer groups during our online sessions.
(Resume: 20 points; Cover Letter: 10 points; LinkedIn Page: 10 points)
(40 points; 20% of your final grade)
- 3. Elevator Speeches.** Each student will prepare and present a one-minute "elevator speech" (2-pages) to describe their Behavioral Science major to an uninformed colleague.
(10 points; 5% of your final grade)
- 4. Mock Interviews.** You will be interviewed by Employment Coaches to answer 3 or more interview questions for a fictitious job position. You will receive live feedback from them.
(10 points; 5% of your final grade)
- 5. Informational interview.** You will conduct a 30–60-minute informational interview with a person working in a field or organization in which you are interested and write a three-page summary of your results.
(20 points; 10% of your final grade)
- 6. Final exam and portfolio.** At the end of the semester, you will be expected to compile the materials you have prepared for this course and submit them as a portfolio. More information will be provided by your lecturer.
(40 points; 20% of your final grade)
- 7. Class participation.** Participation is essential to your success in this class. In distance education courses, you are required to participate just as if you were in a face-to-face course. At the end of the semester, the instructor will assign each student a participation grade based upon their involvement in class activities including online discussion groups, live online activities, peer review workshops, and case study preparation. Students who do not fully participate (due to absence, lack of participation during online session and group activities, etc.) will be penalized accordingly. ***Each reading is worth 5 points; there are 5 reading summaries. You could earn up to 15 participation points for engaging in our live class session.***
(40 points; 20% of your final grade)

All assignments must be completed in order to pass. *I will not accept late assignments nor will I administer makeup assignments unless documents can be presented as evidence of illness, death in the family, jury duty, etc.*

According to University Policy S16-9, Course Syllabi (<http://www.sjsu.edu/senate/docs/S16-9.pdf>), “Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practice. Other course structures will have equivalent workload expectations as described in the syllabus.”

FINAL EXAMINATION OR EVALUATION

At the end of the semester you will be expected to compile the materials you have prepared for this course and submit them as a portfolio.

For more information about SJSU's final exam policy, see University policy S17-1 (<http://www.sjsu.edu/senate/docs/S17-1.pdf>). Among other things, it states: “Faculty members are required to have a culminating activity for their courses, which can include a final examination, a final research paper or project, a final creative work or performance, a final portfolio of work, or other appropriate assignment.”

GRADING INFORMATION

Several different factors will go into the assessment and grading of assignments. These include: (1) ability to follow templates and instructions provided in Canvas or via email; (2) careful attention to detail on written assignments, such as spelling, punctuation, grammar, etc.; (3) ability to access research materials and incorporate them into written assignments and presentations; (4) active and engaged participation (in group activities and online discussions); and (5) ability to verbally present information in a clear, concise, and accurate manner.

DETERMINATION OF GRADES

1. A statement of how grades will be determined for the course, including +/- grades if they are used.
2. Extra credit options, if available.
3. List of the percentage weight assigned to various class assignments.
4. Penalty (if any) for late or missed work.

Grades will be determined according to the following grading scale:

200 – 193 points = A Plus	158 – 153 points = C Plus
192 – 185 points = A	152 – 145 points = C
184 – 179 points = A Minus	144 – 139 points = C Minus
178 – 173 points = B Plus	138 – 133 points = D Plus
172 – 165 points = B	132 – 125 points = D
164 - 159 points = B Minus	Below 125 points= F

See section on Course Requirements and Assignments above for percentage weight of assignments, and for penalties associated with late or missed work.

ONLINE NETIQUETTE AND PROTOCOLS

When posting on the discussion boards and chat rooms, it is important to understand how to interact with one another online, netiquette. You can read more about the rules of netiquette at <http://www.albion.com/netiquette/index.html> Because this class will meet via Zoom, it is **required to be on camera while session is running, guest speakers are present, and during breakup rooms**. If you are dealing with technical difficulties, let the instructor know. Make sure that “Off Camera” does not become a habit.

Please “**Mute**” yourself when joining the sessions and after sharing your views. Also, **it is required that your full name is on display online, otherwise you will not be allowed in the sessions.**

Be respectful of your peers when providing constructive criticism. Our online sessions are to support and build each other up.

UNIVERSITY POLICIES

Per University Policy S16-9 (<http://www.sjsu.edu/senate/docs/S16-9.pdf>), relevant information to all courses, such as academic integrity, accommodations, dropping and adding, consent for recording of class, etc. is available on Office of Graduate and Undergraduate Programs' [Syllabus Information web page](http://www.sjsu.edu/gup/syllabusinfo/) at <http://www.sjsu.edu/gup/syllabusinfo/> Make sure to review these university policies and resources with students.
