Frequently Asked Questions

What if I do not complete required courses or miss a deadline?

You will have your admission to SJSU revoked and your registration canceled. In particular, failure to submit your transcript(s) will result in your application being withdrawn, even if you have signed up for housing, received financial aid, registered for classes, and attended orientation.

What if I am planning to take courses required for admission during the Summer 2026 term?

You may not use coursework from the Summer 2026 term to complete admission or impaction requirements.

If I want to take the fall semester off, can I defer admission to another term?

No, your admission offer is good for the Fall 2026 term only. You must attend at least one course during the Fall 2026 semester to maintain your admission. If you wish to be considered for a later term, you must submit a new application for the next available term for which you meet the minimum requirements.

Can I change my major?

Because SJSU is an impacted campus, change of major cannot take place prior to the start of the term and is never guaranteed even after admission to SJSU. If you are Undeclared, you will receive more information about declaring your major during orientation.

MATHEMATICS/ QUANTITATIVE REASONING COURSE OPTIONS

[sjsu.edu/supportedinstruction/
first-year-course-placement/math-
quantitative-reasoning](https://sjsu.edu/supportedinstruction/first-year-course-placement/math-quantitative-reasoning)

Determine First Year Writing and Math Course Placement

To facilitate appropriate first-year course placement, the CSU evaluates your academic preparation in two areas: written communication and math/quantitative reasoning.

The evaluation takes into account several factors, including overall grade point average, mathematics grade point average, completed terms of secondary coursework, grades in certain senior-year classes, the Reflection on College Writing, and scores on standardized tests such as the SAT, ACT, CAASPP/EAP, CLEP, Advanced Placement, Advanced Level, Advanced Subsidiary, and International Baccalaureate examinations.

Though SJSU will not consider SAT/ACT scores in our evaluation of your record for admission, please submit any available official SAT/ACT scores as they could help determine your first-year course placement.

First Year Writing Course Placement

First-Time, First-Year Students entering SJSU will complete an online Reflection on College Writing exercise to explore writing at SJSU and to choose the course they need. The online exercise is offered through Canvas (SJSU's online course tool) and will be available at the beginning of June. Be alert for emails and MySJSU messages about the Reflection on College Writing. To ensure that you will be able to register for your first-year writing course during Sparta Camp, complete all modules in your Reflection on College Writing at least two weeks prior to your orientation session. Messages and emails will be posted if there are sections that are not fully complete; be sure to monitor MySJSU and your @sjsu.edu email account.

For more information about the Reflection on College Writing, please visit sjsu.edu/english/fyw

First Year Math Course Placement

Your math placement is dependent upon your major and your enrollment category. You can confirm your major by reviewing your admission letter. To determine your math course placement, please complete the following:

- Determine if your major requires calculus by viewing the "Majors Requiring Calculus (STEM)" list at sjsu.edu/supportedinstruction/first-year-course-placement/mathquantitative-reasoning
- If your major requires calculus, please review the Precalculus Proficiency Assessment section below

-AND-

- Identify your math enrollment category by following the instructions at sjsu.edu/supportedinstruction/first-year-course-placement/math-quantitative-reasoning

Precalculus Proficiency Assessment

If your major requires calculus, you will be required to take the Precalculus Proficiency Assessment (PPA) unless:

- You have earned a three or better on the AP Calculus Exam. (Request to have the appropriate testing agency send your official score report to SJSU as soon as it is available.)

-OR-

- You have earned a “C-” or better in a transferable Pre-Calculus level course at a community college. (Send us your official transcript reflecting this work as soon as possible.)

To register for the PPA please visit sjsu.edu/math/calculus/ppa.php

Students requesting testing accommodations due to disability limitation(s) must register with the

Accessible Education Center at least one month prior to testing. Register online at sjsu.edu/aec

For details, exemptions, and other criteria visit sjsu.edu/math/calculus

If you took the Calculus AP exam in high school and have not yet sent us your scores, please contact the Testing Office at testing-office@sjsu.edu to determine your next steps.

If you feel that your assigned mathematics enrollment category is not accurate, you may submit an appeal. For your appeal to have merit, it must bring to light new or missing information that was not considered in the original determination. Transfer coursework submitted after the transcript deadline or test scores sent after the official test score deadline are the basis for an appeal. These fees must be paid by your payment due date and are not included in the installments.

Eligible charges that can be divided into installment payments include tuition fees, non-California resident fees, and graduate professional business program fees. A student must have a minimum of \$1,000 in eligible charges to qualify for the payment plan.

Visit sjsu.edu/bursar/payment-refunds/installment-payment-plan.php for more information.

International Wire Transfers

International students can now make payments via international wire transfer. San José State University has partnered with Flywire to streamline the tuition payment process for our international students. Flywire offers excellent foreign exchange rates, allowing you to pay in your home currency and save a significant amount of money compared to traditional banks. You will be able to track the progress of your payment throughout the transfer process via a student dashboard and you will also be notified via email when your payment is received by San José State.

There is no fee charged by SJSU or Flywire for international wire transfers, however, the bank used to send the wire transfer may charge a fee so check with that bank for the fee schedule.

Field Trip Fees

A few courses have additional field trip fees ranging from \$11 to \$52.

Special or Optional Fees

Parking permits are available for students. A daily one-semester parking permit is estimated at \$192.

Refunds

Students are highly encouraged to enroll in Direct Deposit. With Direct Deposit, you receive your refund several days quicker than a paper check and more securely. To enroll, log in to MySJSU, scroll to Finances and select Enroll in Direct Deposit. To learn more visit sjsu.edu/bursar

Bookstore Charges

Registered students can charge books and supplies purchased at the Spartan Bookstore to their MySJSU student account up to \$900 per semester. For more details visit sjsu.edu/bursar/our-services/spartan-bookstore-voucher.php

Keeping Your MySJSU Account Current

SJSU has established a business practice whereby all payments apply to the oldest debt on your account. For example, if you are making a registration payment and you have a housing debt with an earlier due date, the payment will apply to the housing charges first. Keep your account current to avoid the possibility of enrollment cancellation.

Any delinquent outstanding charges owed to the university will be submitted to the Franchise Tax Board for tax refund offset. The university, or its agent, has the right to pursue collections in order to repay a delinquent debt owed to the university.

Important Resources

Student Responsibilities and Rights

As members of the academic community, students accept both the rights and responsibilities incumbent upon all members of the institution (S90–5). Students are encouraged to consult the Student Responsibilities and Rights section of the SJSU Catalog (catalog.sjsu.edu) to ensure an understanding of the resources, requirements, and programs designed to support students' academic and personal growth, as well as review important university policies and procedures every student at SJSU is responsible for knowing and upholding.

Student Code of Conduct

Members of SJSU are expected to uphold the community standards and demonstrate academic integrity, accountability for one's actions, respect for oneself and one's community, and personal development. It is, therefore, important that students familiarize themselves with the Student Conduct Code and Academic Integrity Policy for which they are accountable. This information can be found in the SJSU university catalog and schedule of classes at sjsu.edu/studentconduct/policies.php

Students with Disabilities

The Accessible Education Center (AEC) provides academically-related accommodations and services for students with disabilities. To qualify, students must complete an AEC application and meet with an AEC Counselor. A wide spectrum of accommodations/services/auxiliary aides are available to students based on individual needs. Accommodations include, but are not limited to: consideration for priority registration, note takers, sign language interpreters/captioners, test accommodations, academic counseling, disability management and assistive technology training.

Students can register with the AEC anytime during the semester; however, it is recommended students provide the AEC with disability verification as soon as possible to assist them. Visit AEC's website (sjsu.edu/aec) for more information.
