

PHILOSOPHY 111_80- MEDICAL ETHICS: SPRING 2025 Janet Giddings (janet.giddings@sjsu.edu)

Please join this course where we will examine moral issues in healthcare as a (profit) industry; bioethics and end of life, healthcare professions, religious discrimination, denial of coverage, medi cal errors, telehealth, mental health, medical errors, burnout, geriatric, doctor shortage, and more!

ONLINE ASYNCHRONOUS

30%: Weekly online writing and commenting in discussions

30%: Paper and Quiz

30%: 'Teaching' PPTs or Webpage in Pairs or a Trio: a collaborative assignment of a moral issue in medical ethics not covered in the course.

10%: Final

This list of requirements could change based on new topical issues in healthcare when the course starts and/or other reasons to enhance the course. Read the Syllabus carefully at start of the course.
