## **2.0 Categories of Group 1: Specific Priority Students**

Students in Group 1 are those whose participation in an activity or their designation within a special group poses significant restriction on their ability to register for courses.

### **2.1 Category A includes:**

Students who are required by external agencies such as the National Collegiate Athletic Association (NCAA), or by law, to receive priority.

- This category excludes students covered by the California Promise program or who are identified as student parents unless they fall under another group with required priority registration. Priority registration for students in the California Promise program or who are identified as student parents is addressed in the registration scheduling as outlined in Section 1.0.

Students whose contributions through university-sanctioned activities are recognized as being so extensive that their enrollment opportunities may be compromised due to schedules mandated by the sponsoring organization. These activities must meet the following criteria:

- The sponsoring organization is acknowledged as significantly promoting the mission of the University;
- The activity has a regularly scheduled class, event, or practice offered only at specific times that conflict with classes;
- Participation at every scheduled class, event, or practice is mandatory; Mandatory meetings must be set prior to the first day of the semester.

The sponsoring organization must initially apply for priority registration via Undergraduate Education. They must provide a justification for the request, an estimation of the number of students affected each semester, as well as a minimum GPA threshold and progress-to-degree criteria for students to qualify, and monitor students' progress each semester.

2.1.1 Groups in Category A do not require regular review due to the nature of the organization's mission and activities. A review may be

requested if/when circumstances change. Organizations in this category that do not require regular review/renewal include:

- Accessible Education Center (AEC)
  - Note: Students served and note takers are included
- Student Fairness Committee
- NCAA Athletics
- Guardian Scholars
- Campus offices that utilize students in support of student success, such as peer mentors, orientation leaders, and student success leaders
- Reciprocal Exchange programs
- Veterans Resource Center (as per Cal. Educ. Code §66025.8)
- Academic Senate and Senate committees
- Any recognized student organization or other university-recognized sponsoring organization that has a contractual agreement with SJSU to provide a full course load.

## 2.2 Category B includes:

Students who participate in a recognized student organization or other university-recognized sponsoring organization whose participation requires students to attend scheduled activities, but the organization's inclusion in priority registration must be reviewed and approved per Section 3 below.

The organization's university-related activities must meet the following criteria:

- The activities require significant time contributions by the student.
- The activities are regularly scheduled classes, events, or practices offered only at specific times.
- Participation at each class, event, or practice is mandatory; Mandatory meetings must be set prior to the first day of the semester.

The sponsoring organization must apply/reapply per Section 3 below.

## 2.3 Category C includes:

Students enrolled in an integrated package of courses that meets all of the following criteria:

- Covers at least four areas of the General Education Program;

- Involves being part of a cohort group of students from multiple colleges; and
- Requires enrollment together in a specified course sequence occurring over multiple semesters.

Priority registration will be granted to students in this category beginning with the second semester of enrollment. If significant changes are made to the package of courses, eligibility for priority registration should be reviewed.

### **3.0 Approval and Management of Priority Registration for Student Organizations**

Undergraduate Education will review and approve applications from organizations or offices seeking priority registration for their students. Groups A and C do not need to reapply unless significant changes have been made to their mission or activities.

- 3.1 Organizations or offices covered in Categories A and C must initially apply for priority registration. Review of their status must only be done if significant changes have been made to:
  - Their mission or activities provided in their justification has significantly changed
  - The number of students receiving priority registration via the group has increased significantly
  - The scheduled meetings have changed
- 3.2 Approval will typically be granted for five years. Undergraduate Education will be required to provide justification for denial or for approval of shorter terms.
- 3.3 Organizations or offices requesting priority registration must submit an application that includes the following:
  - A summary of the organization/office and its mission
  - A justification for priority registration, including an explanation of the schedule that impacts students' ability to register for courses
  - An estimation of the number of students who will be impacted each semester
  - Standards that students must meet in order to remain eligible for priority registration, including a minimum GPA and progress-to-degree criteria

- 3.4 Undergraduate Education and the Registrar's Office will maintain records of student organizations with priority registration, including:
- Contact information for the faculty/staff member(s) responsible for overseeing the organization's roster and student eligibility.
  - Approved estimated number of students receiving priority registration for each group
  - Historical data on the number of students who actually received priority registration through the organization each semester
- 3.5 All faculty/staff member(s) who apply for priority registration for students are responsible for:
- Maintaining an accurate roster of students eligible for priority registration.
  - Providing names and SJSU ID numbers to the Registrar by the required deadline for granting priority registration.
  - Reporting changes in the organization duties/mission that may affect eligibility for priority registration and/or the number of students eligible for priority registration through the organization to Undergraduate Education.
  - Applying or reapplying for their priority registration no less than one semester prior to the desired start/expiration of the organization's priority registration.
